One year later, Lelouch is once again a student at Ashford Academy. He has had his memories rewritten by Charles zi Britannia, revealed to possess a Geass power of his own, erasing lelouchs memory of him being a prince, being Zero, and that he has a younger brother named Rolo Lamperouge, instead of a sister.

The Day a Demon Awakens

Lelouch regaining his memories and once again becomes Zero.
He is seen running away from Villetta Nu who is revealed to be a teacher now in the first episode. He is able to leave Ashford Academy with Rolo to go gamble at Babel Tower. It is here where Kallen and the remnants of the Black Knights attempt to retrieve Zero.
After being cornered by the OSI, C.C. appears. Lelouch's memories are restored by C.C. and he uses his Geass to kill all of them. Afterwards, Urabe and Kallen appear in their respective Knightmares and he resumes leadership of the Black Knights.
Initially, Lelouch makes his base in the Chinese Federation's consulate, using his Geass on the High Eunuch stationed there so they will
be welcomed. They are eventually forced to abandon it, however.
When Nunnally is appointed as Viceroy of Area 11, and announces her plans to re establish the Special Administrative Zone of Japan, Lelouch falls into a depression since he would be impeding her wishes by continuing his rebellion.
He nearly begins taking Refrain before Kallen stops him. With the help of Kallen and his friends at the Ashford

Academy, Lelouch realizes that his mission no longer revolves solely around Nunnally, but concerns the rest of his friends and the Japanese people as well.
Lelouch engineers the legal exile of the Black Knights by getting the Britannians to agree to exile Zero in exchange for bringing one million participants for Nunnally's new Japan.
By having them all dress as Zero, he forces Suzaku to exile them and The Black Knights escape to the Chinese Federation, where Lelouch begins forging an alliance with the other world powers to create a force that rivals Britannia. He starts by destabilizing the Chinese Federation, returning control to Empress Tianzi from the High Eunuchs.
During this time, he also meets Benio Akagi and appoints her to the Zero Squad in recognition of her skills and personally bestows upon her the Benihozuki Knightmare Frame but was
unaware that Rolo stared at Benio and Kagari with a bad mood.
