"Listen closely. Do you hear it? You will hear the laughter of thousands as the sky opens up. You will hear the trumpets play their happy sounds. The scalding blood of life will pour down onto us all. Together, we will be still. Together, a feast fit for a king. Together, welded by love and purest connection. Be still. Let this-"
-PHEN-228 Foretelling The Apocalypse.

“The very memory of my face will cause a manifestation of my being in the future. You will be asleep in bed. I will be there, and watch over you. When you wake, you will not be able to move any part of you. When the doctors eventually find you, they will not see me, but you will, and I'll see you too. Forever, I'll see you.”
-PHEN-228 In The Broadcast Hijacking

I -Introduction :

The Boiled One, also classified as PHEN-228 by the Ephrata Branch, is the titular main antagonist of the Doctor Nowhere analog horror video, THE BOILED ONE PHENOMENON.
He is a mysterious, cognito-hazardous, demonic entity who holds a dark prophecy as a WW2 war criminal. In order to spread his dangerous and false message in order to torture people, he hijacks television stations, which causes a massive influx of locked-in syndrome/pseudo-coma.

This document was created to bring a more unpopular character to SCD and will explain his underrated intellect feats that have the potential to put him as a smart character in the low tier, in terms of Stop Scaling. With his feats has so far shown an impressive Fear Inducement, Mass Manipulation, Influence, Tactics and Psychology, and presumably even more feats. Tho this document will wank The Boiled One as high as possible due to his lack of explanation in the analog horror video, by using the wiki and the film theory video, in which, I will wank these Intellect feats with the fan theories that Film Theory and the fans of the analog horror have created.

II-How to Survive PHEN-228 :

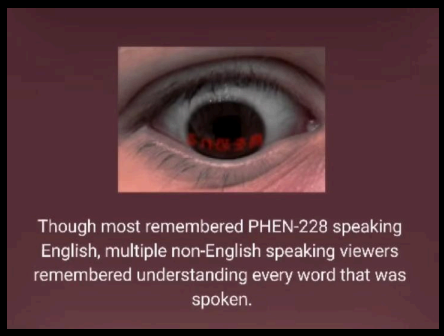

1.Avoid any cognitive contact with PHEN-228, including the viewing of its face.
2.If you hear PHEN-228's whisper, wear earplugs, open The Bible to Psalm 91:10, and write on paper: "I can see this paper. I can see my hand. I can't hear the screaming of thousands. I can't hear the feast. I am a moving, breathing human being on planet Earth.". After that, recite Psalms 91:10 aloud. If memories and imagery of something unholy persist in your mind, pray. Then contact authorities immediately afterwards, you will be administered amnestics.
3.If you have to watch a video of PHEN-228, wear earplugs as well as blue-light glasses or view from a distance of 3 feet or more (Or do both), though this is still not guaranteed to save you.
4.Absolutely under no circumstances should you try to sleep if you have memorized PHEN-228’s face or experienced any of its side effects.

III -The Explanation :

TREE OF HEAVEN- AUGUST 13 2003

-In August 2003, T.B.O hijacked a broadcast of a popular re-run nature documentary episode called "TREE OF HEAVEN" in Pennsylvania that T.B.O brought back after it aired after the creator died. Meaning that T.BO brought back this broadcast episode back and aired it in order to hijack it himself before starting the broadcasting of PHEN-228 to the resident Pennsylvania inorder to get their attention to the sudden popular kids documentary. T.B.O shows decent logical thinking here to appear in an episode called "TREE OF HEAVEN" inorder to deceive people with logical thinking to see him as a world ending entity associated with heaven to warn humanity about the end of time.
[FRI, Mass Manipulation, Deception, Planning Formulation, Logical Thinking, Psychology, Influence]

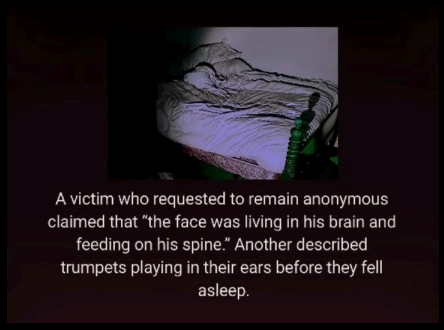

-On August 13 2003, the 13th episode of the nature documentary series did an unexpected rerun by TBO, and the video shows a clip before we return back to the text. The text says that during an interlude segment, an anomalous broadcast hijacked the rerun. The broadcast depicted a creepy, melted, red face that spoke to the viewer in a 'warm but disconcerting voice'. The face and its properties are referred to as PHEN-228. During the time that it spoke, clips of hospitals and bedrooms would sometimes be overlaid on the screen. Even though most remember PHEN-228 speaking English, many non-English speaking viewers were able to remember exactly what PHEN-228 said to them.

"The very memory of my face will cause a manifestation of my being in the future. You will be asleep in bed. I will be there, and watch over you. When you wake, you will not be able to move any part of you. When the doctors eventually find you, they will not see me, but you will, and I'll see you too. Forever, I'll see you." What PHEN-228 said.

-The clip begins with the nature show, but is quickly interrupted with The Boiled One. This broadcast is referred to as Broadcast-813.

About 530 people in the Southern-Pennsylvania area watched it and were left with unnatural side-effects afterwards. Many victims of this broadcast couldn't keep PHEN-228 out of their head, and kept hearing its voice after the hijacking of the episode. With even one of the victims even quoted that the face was buried in himself and was feeding off his spine.

<u>THE GREAT NORTHEAST BLACKOUT OF 2003 - AUGUST 14 2003</u>
(This was a real event btw, Wiki link :
https://en.m.wikipedia.org/wiki/Northeast_blackout_of_2003)
-After the incident was detected, the NERC was told to prevent further escalation and knowledge of Broadcast-813. The outage spread to various parts of New York, New Jersey, Ohio, and even Canada. It left almost 50 million people without power.

During the confusion, all traces of Broadcast-813 were thought to be wiped from existence by the NERC, which may have caused the great blackout of 2003, meaning that they could've just got manipulated by TBO. We are then told the explanation of the blackout, but then the screen mysteriously shows big white text saying "But the damage has been done." The aftermath of the

removal of Broadcast-813 left 509 people in Pennsylvania in a pseudocoma, and was put under government investigation. All people affected had been watching Broadcast-813 when it aired. Over 60 victims were interviewed, communicating in morse code by blinking. The Boiled One probe predicted this would happen with the white text, because of the incident happening and being detected by the NERC. The Boiled One probably somehow predicted and planned the blackout and used that opportunity to manipulate the NERC to wipe out the information of broadcast-813 by causing the blackout while the victims were already being damaged.

-One specifically odd case was happening to a war veteran with the alias Job Zamperini. He claimed something unholy was in his home. We are then shown an image of PHEN-228 standing next to a small playhouse in Zamperini's backyard, with PHEN-228 being massively larger than the playhouse.

Zamperini explained that PHEN-228 would hurt him and maybe others if he described it and/or what it was telling him. A recording is played next of officer T. Gomez of the Ephrata Branch interviewing Job Zamperini. Gomez first asks Zamperini if there were any symptoms before he lost his mobility, to which Zamperini replies "There was a face". Gomez asks when he began seeing the face, and Zamperini blinks out that he began seeing it after he saw it on tv. Gomez's third question asks if Zamperini has had any upsetting or unsettling hallucinations, because many others who watched Broadcast-813 did. Zamperini replies "No it is in the window". Gomez asks what it looks like, and Zamperini blinks out that it is "Horribly burnt not of Lord Christ". After that, the picture above his bed that says "Give it to God and go to sleep" slowly fades away, and the words "I can see you" appear instead.

Gomez continues with his interview, asking if Zamperini has had any other hallucination besides the face. Zamperini explains that he hears the screaming of thousands and trumpets before he sleeps, but even with all this, he still has faith in Lord Christ. A glitch happens, then Gomez is gone, and in the window, we can see the top of PHEN-228's head, which rises. The Boiled One here probably predicted the documentary of Broadcast-228, and appears here to haunt Zamperini house so that he can hijack the video documentary and manipulate and induce insanity into the viewers.
[Fear Inducement, Planning]

-The video was later hijacked, with the Boiled One showing up in a full-image with text. The first sentence says WONDERFUL DAY. The second says THE MIRACLE OF BIRTH. The third says A FETAL FANFARE. The fourth and final one is in Japanese, but when translated, it says FEAR THE ONE AND ONLY WATANABE BIRD, aka the WW2 Japanese war criminal, which could be what The Boiled One is, with his uncanny monster appearance being the symbolism of Watanabe evilness.
(Wiki Link on Watanabe : https://en.m.wikipedia.org/wliki/Mutsuhiro_Watanabe#:~:text=Mutsuhiro%20Watanabe%20)

There is another glitch and next thing we know, PHEN-228 begins talking. His mouth stretches and gets longer as he speaks. "Listen closely. Do you hear it?" We switch to his insides for a bit, which resemble a rib cage and intestines. "You will hear the laughter of thousands as the sky opens up." As

PHEN-228 speaks, his insides squish and move like a beating heart. We go back to PHEN-228's face before quickly going to footage of clouds, red taking over the bottom of one before raining blood. "You will hear the trumpets play their happy sounds." Back to PHEN-228 again. "The scaling blood of life will pour down onto us all." We get a close up of his side, where an arm breaks out of his body. We go back to his face, then his insides. "Together, we will be still." Then back to his face again. "A feast fit for a king." Then to the arm that broke out of him. "Together, welded by love and purest connection." Which is tweaking and twisting rapidly. We switched to PHEN-228's face for the last time "Be still. Let the-" before there is a glitch, the images resembling the cloud we were shown that was raining blood. After the glitch, a yellow background appears with a warning symbol and red text underneath that says "WARNING". The warning reads "IF YOU CAN SEE THIS SCREEN IT MEANS IT IS NOT SAFE TO CONTINUE VIEWING. THE PROGRAM WILL END SHORTLY." The warning disappears, and instead reads "PROTOCOL BREVITA-228 HAS BEEN INITIATED." That is then replaced with "PERFORM THE PROCEDURES GIVEN TO YOU DURING THE INTRODUCTION PORTION OF THIS VIDEO IMMEDIATELY." The final text reads "NO EVIL SHALL BEFALL YOU, NOR SHALL ANY PLAGUE COME NEAR YOUR DWELLING" in red 3 times before the video ends. Morse code plays during the protocol, presumably by The Boiled One, saying "I still see you." The Boiled One planning and deception feats really shine here. As he proceeded to hijack the video that was talking about the Broadcast-228, which we guess it had viewers. The Boiled One probably predicted this documentary on him hijack it into manipulate the viewer about the end of the world coming, making them believe even more that he is a sign for the apocalypse, with evidence like the Tree Of Heaven, The Boiled One maybe planned from the start for the sake of succeeding in torturing people just like his WW2 self.

<u>THE GOAL OF THE BOILED ONE? :</u>
PHEN-228 PLANNING : (11 Steps)
-Bring Back The 13th Episode, Tree Of Heaven after the series host died.
-Hijack The Nature Documentary and Deceive the People by thinking he is a sign of the apocalypse
-Induce Insanity and Fear into the Viewer
-Started the Broadcast-228 incident
-Make about 530 people in the Southern-Pennsylvania area watched it and left with unnatural side-effects afterwards.
-The incident was detected by the NERC and was told to prevent further escalation and knowledge of Broadcast-813.

-Caused the great blackout of 2003 by indirectly manipulating the NERC to wipe out the knowledge of Broadcast-228 by causing a blackout to the nearest states.
-During the confusion, all traces of Broadcast-813 were thought to be wiped from existence by the NERC and the blackout.
-Predicted the video of the documentary on his broadcast and later haunt Zamperini house so that he can later hijack the documentary video and manipulated and induced insanity into the viewers.
-Finally only then he hijack the video
-Manipulate the viewer into thinking he is a sign of the apocalypse
